

ASSA ABLOY Americas University Training

ASSA ABLOY

The global leader in
door opening solutions

Door Opening Essentials

ASSA ABLOY Americas University is proud to offer a 4-day low cost educational program tailored to cover all the essentials of the process of supplying Architectural Hardware to the door opening!

You will learn the three parts of a specification, the different codes and standards and the affect they have on the total opening, blue print reading review, how to schedule the correct door hardware for various openings.

Master keying, the key meeting, estimating, and proper ordering technique exercises will help to sharpen your skills and bring favorable results to each project.

Tips to jobsite trouble shooting and preventative maintenance will ensure a fully functional and secured opening.

Only one class from one source can tie the entire process together at one time. ASSA ABLOY Americas University instructors for this program are certified Architectural Hardware Consultants.

This is an entry level program designed for those individuals who would like to sharpen their skills in the overall process of successfully bidding, scheduling, ordering, and furnishing a project with Architectural hardware.
